

Ambassador Program

Who are the CoSpaces Edu Ambassadors?

Our Ambassadors are educators who were carefully selected to **officially represent CoSpaces Edu** in schools around the world and everywhere else where we can't be. They're **experts in using CoSpaces Edu** and **are already active** in presenting, promoting and teaching the platform in their communities.

Our Ambassadors contribute to shaping the platform by providing feedback, help spread its usage in schools and support educators who are new to CoSpaces Edu.

This isn't for you if:

- You're new to CoSpaces Edu or don't feel comfortable using the platform yet.
- You're not particularly interested in connecting with other educators.
- You're just looking for free access to CoSpaces Edu Pro.

How to become our Ambassador?

If you already use CoSpaces Edu in your school and want to actively contribute to transforming education, we'd love to have you on our Ambassador team!

We accept applications twice in the school year: in **January** and in **July**.

Ambassadors are **elected for 6 months**, renewable if they continue in the Program.

To apply, please take our [application test](#) and email programs@cospaces.io with:

- Your Ambassador application **test results**
- **Proof of completion** of a CoSpaces training like the [educator's beginner course](#)
- A short video **introduction** or an essay about your interest in CoSpaces Edu and in becoming our Ambassador.
- **Links** to some of the CoSpaces you've created, including at least one of the following: CoBlocks script, multiple scenes, 360° image, sound

Ambassador level 1: CoSpaces Ninja

“Knows how to handle people”

When you first join the Ambassador Program, you start as a CoSpaces Ninja.

Your main roles are to help to **promote the platform** online and/or offline and to **build a community** of educators who want to exchange around CoSpaces Edu.
